

Garden 4T Power Tools

Product Sheet

Garden 4T Power Tools is a highly performing multi-grade lubricant, especially developed for 4-stroke gasoline engines installed on lawnmowers, grass trimmers, small current generators and gardening equipment in general. The special nature of the bases employed and the careful selection of a technologically advanced additive package guarantee an excellent protection of the engine even under the most severe working conditions.

Thanks to its special formula, **Garden 4T Power Tools** guarantees a great control of high temperature deposits and wear, also allowing the engine to maintain its original performance.

Garden 4T Power Tools contains the exclusive **BARDAHL POLAR PLUS** formula that can ensure a first-class lubrication of the engine and a reduction of friction, much better than traditional lubricants.

PROPERTIES

- Excellent protection against wear.
- Specific for engines that work at high speed of rotation and at high temperature.
- Easy cold start-up and efficient lubrication during operation.
- Great control of high temperature deposits.
- Excellent engine cleanliness and resistance of oil to thermal degradation for oxidation.
- Ensures a good protection of the engine against humidity and acid products that build up during combustion.
- Guarantees a long lifespan to all mechanical parts.

Garden 4T Power Tools

Product Sheet

PERFORMANCE LEVEL

API SJ / CH-4

CHEMICAL-PHYSICAL CHARACTERISTICS

Viscosity at 40°C	104.3 cSt
Viscosity at 100°C	14.2cSt
Density at 15°C	0.887 kg/l
Viscosity Index	139
Flash point	193°C
Pour point	-36°C
T.B.N.	9 (mg KOH/g)

The values shown in this table are just as an indication, variable within certain tolerances.

STORAGE

Store in original closed packaging, store indoors, away from moisture, from direct exposure to sunlight and weather. Avoid continuous and excessive temperature changes.
